

CITY OF LOGAN PRESENTS THE 2016

GREEN FUTURES LEARNING SERIES

A PATHWAY FOR BETTER LIVING

A public learning series to give residents the opportunity to learn about air quality, renewable technologies, water conservation & quality, home energy savings, and garbage and recycling from **an expert in the field.**

Each session will include a lecture, the opportunity to ask questions and discuss, and feature tools that residents can use to take action and make informed decisions.

All are welcome!

WHEN: The **THIRD** Wednesday of each month

WHERE: Logan City Hall Conference Room
290 N 100 W
Logan, Utah

TIME: 6:00 pm

For questions, please contact Emily Malik at 435-716-9792 or emily.malik@loganutah.org

AIR QUALITY - CLIMBING OUT OF THE FOG

**JAN
20**

A panel of speakers to address air quality, health impacts of poor air quality, and actions we can all take to help improve air quality. Featuring **Dr. Randy Martin (USU)**, **Roger Coulombe (USU Professor of Toxicology)**, **Jordy Guth** from Cache Clean Air Coalition & Logan High School's LEAF Club.

RENEWABLE TECH - ECONOMIC & ENVIRONMENTAL VIABILITY

**FEB
17**

A panel of speakers to address renewable technologies and the role they play in our lives as well as Logan City Light & Power. Featuring **Dr. Jason Quinn (USU)**, **Dr. Byard Wood (USU)**, and **Mark Montgomery (Logan City Light & Power)**.

WATER QUALITY - GOOD UNTIL THE LAST DROP!

**MAR
16**

Logan City has excellent water quality. Learn about what makes our water so great, why it is important to protect our water, and the benefits of natural water sources. Featuring **Nancy Mesner (USU) & Paul Lindhardt, PE (Logan City Water and Wastewater Division Manager)**

YOUR HOME - GET MORE BY WASTING LESS

**APR
20**

Trent Cragun (Lifestyle Homes) will walk you through the various actions homeowners (and renters) can take to save money and energy! Each attendee will get a copy of the Energy Saver Guide.

WATER - LIVING WELL WITH WHAT WE'VE GOT

**MAY
18**

Turfgrass Specialist **Kelly Kopp (USU Professor/Extension Water Conservation)**, **Joanna Endter-Wada (USU Professor of Natural Resource Policy and Social Science)**, and **Larry Rupp (Professor Ornamental Horticulture, Extension Specialist)** will speak about how to save water around your home and specifically in your yard!

GARBAGE & RECYCLING - LETS "TALK TRASH"

**JUN
15**

Emily Malik, City of Logan Conservation Coordinator will tell you everything you want to know about the landfill, recycling, hazardous waste, and green waste in Cache County. An excellent opportunity to ask questions!
